

## 兔抗 DAZ1 多克隆抗体

中文名称：兔抗 DAZ1 多克隆抗体

英文名称：Anti-DAZ1 rabbit polyclonal antibody

别名：deleted in azoospermia 1; DAZ; SPGY

相关类别：一抗

储存：冷冻（-20℃）

宿主：Rabbit

抗原：DAZ1

反应种属：Human

标记物：Unconjugate

克隆类型：rabbit polyclonal

### 技术规格

#### Background:

This gene is a member of the DAZ gene family and is a candidate for the human Y-chromosomal azoospermia factor (AZF). Its expression is restricted to premeiotic germ cells, particularly in spermatogonia. It encodes an RNA-binding protein that is important for spermatogenesis. Four copies of this gene are found on chromosome Y within palindromic duplications; one pair of genes is part of the P2 palindrome and the second pair is part of the P1 palindrome. Each gene contains a 2.4 kb repeat including a 72-bp exon, called the DAZ repeat; the number of DAZ repeats is variable and there are several variations in the sequence of

	f the DAZ repeat. Each copy of the gene also contains a 10.8 kb region that may be amplified; this region includes five exons that encode an RNA recognition motif (RRM) domain. This gene contains three copies of the 10.8 kb repeat. However, no transcripts containing three copies of the RRM domain have been described; thus the RefSeq for this gene contains only two RRM domains.
<b>Applications:</b>	ELISA, IHC
<b>Name of antibody:</b>	DAZ1
<b>Immunogen:</b>	Fusion protein of human DAZ1
<b>Full name:</b>	deleted in azoospermia 1
<b>Synonyms:</b>	DAZ; SPGY
<b>SwissProt:</b>	Q9NQZ3
<b>ELISA Recommended dilution:</b>	5000-10000
<b>IHC positive control:</b>	Human cervical cancer and Human tonsil
<b>IHC Recommend dilution:</b>	50-300
